HARRISBURG LETTER

The new Ehrhardt county assessors bill, badly mangled and hardly recognized, as compared original, passed second reading in the house. It was amended so that in its present form, if enacted, it would apply only to Lackawanna county. It was also amended so that the commissioners can appoint only seven assessors, except in triennial years, when five others are to be appointed. Originally, the bill called for the appointment of twelve. It also made it apply to Schuylkill and Westmoreland counties, for it pro-vided that it should affect counties having a population of not less than 200,000 nor more than 325,000. Schuylkili has 207,000 and West-moreland, 231,000.

Lackawanna has 259,000, so the bill was amended to read "not less than 250,000 nor more than 325, 000." Opposition from Schuylkill and Westmoreland counties was responsible for the change.

BIRTHDAY GREETINGS TO

REV. J. B. SUMNER, of Binghamton.

To-day, Tuesday, March 25th, is the birthday of Rev. John B. Sumner, who for five years while presiding eld er of the Honesdale district of the Wyoming conference, was a resident of Honesdale. He still has a number of lovable friends who with the Citizen extend heartiest congratulations to the reverend gentlemen.

"Stroller," in Monday's Scranton Tribune-Republican, paid Rev. J. B. Sumner the following complimentary notice:

Thousands of readers of the Methodist faith in Scranton and vicinity, I am sure, will be interested in the birthday celebration of Rev. J. B. Sumner of Binghamton, who will be seventy-five years old on March 25. While an earnest and eloquent pulpit orator, Rev. John B. Sumner has probably been best known in the Wyoming conference through his efforts as a writer of religious songs and his talents as a vocalist. Mr. Sumner's musical career began during his boyhood days. And it has been kept up through his years of service as a minister of the gospel. Probably the most popular of his many contributions to sacred song is the hymn: "I'm the Child of a King." This song was written in the days of the early triumphs of the celebrated Wyoming Conference trio. The trio composed of Mr. Sumner, the late Rev. W. B. Westlake, and Rev. J. C. Leacock, now of Scranton, led the music at every confer-ence for many years. Their services were often in demand elsewhere, and they were frequently heard in church concerts whenever these entertainments could be arranged in a way that would not interfere with their regular work. The death of Rev. W. B. Westlake, the tenor of the trio, appears to have broken up the organization that in the past furnish-ed so much inspiration for lovers of song at the conference meetings and a great in-tactics of the Methodists. No one seems to of his brothers in the days when the

Charles J. Uban of Sterling, died at his home at that place on Friday afternoon last. He is survived by his widow, five sons, Earl, Moses, John. Lawrence, and Ellis, also one daugh-ter, Mrs. Mabel Tarbox. Mr. Uban was an honest, industrious and very well informed man and quite a genius, having made violins by the dozen and was an excellent violinist. He was a member of the Sterling school board. The deceased was 58 years of age.

Death of Mrs. Horton.

Mrs. Elizabeth Horton, of Jermyn, died Thursday morning at the residence of her son, Edward Horton, of Madison avenue, Scranton, after an illness of four weeks, aged seventy-four years. She is survived by one sister, Mrs. D. C. Lake, of Chicago, Ill.; two brothers, John Fritz, of Westboro, Wis.; and William Fritz, of Whites Valley, and three sons, Ernest, of Prompton, Pa.; George F., of Forest City, and Edward E., of Jermyn; two daughters, Mrs. W. OVER 100 VICTIMS IN PATH

Millions in Property Destroyed In Middle West-Crops Ruined by Cyclonic Wind, Snow, Sleet and Hail from Texas Northward.

Washington.-A storm of cyclonic fury, which started in Northern Texas just as Spring was being ushered in. swept east and northward, causing the deaths of fully a hundred persons, injuring hundreds of others, and damaging property to the extent of millions of dollars.

Extending through parts of Texas. Louisiana, Mississippi, Alabama, Arkansas, Missouri, Kentucky and Tennessee, the storm crossed the Ohio River and passed through Indiana, Ohio, Pennsylvania and western New York.

Definite advices have been received accounting for at least sixty-nine persons dead.

Reports from Alabama show the loss of life was heaviest in that State. The number of dead there is definitely placed at forty-five. The town of Lower Peach Tree was wiped out. Two are dead in Indiana, three in Tennessee, two in Ohio, two in New York, one in Michigan, one in Louisiana, and one in Texas.

Accompanying the death lists are estimates of injured totaling more than 200.

The property loss was heavy all along the storm's track. Besides demolishing or unroofing buildings and felling trees, the high winds, rain, hail and sleet did serious damage to early crops. Estimates of loss by damage to property of all sorts from Indiana and Michigan alone total \$2,-000,000.

Not in many years has there been such prostration of telegraph and telephone service. Chicago was cut off for hours from communication with points east. Only by devious routes was connection finally established. Railroad traffic was seriously delayed in many districts where wire communication was crippled and washouts occurred.

The wind attained record velocities at some points. Detroit reported 88 miles an hour, the Weather Bureau's high record in that city.

In Tennessee probably twelve were killed, two in Indiana, three in Ohio, two in New York, one in Missouri, one in Michigan, two in Louisiana, while at least three were lost when their fishing smacks were overturned in Lake Erie.

A telegraph wire blockade, the like of which the country has not known in years, also resulted. All telegraphic communication between New York city and Chicago was absolutely nil. Every one of the 200 trunk wires between the two cities were "lost."

The storm visited Chicago in bliz-

zard form and the streets are covered with ice, half a dozen persons being nerve and wisdom. seriously hurt. Street traffic was practically suspended.

Western Pennsylvania suffered heavily from the windstorm. At East Pittsburgh a house was wrecked and three persons were seriously hurt. In Mount Pleasant, Pa., windows were blown in and the steeple of a church toppled over. At Latrobe a horse and wagon were picked up by the gale and blown across the street. Eastern and Central West Virginia were stormswept with heavy property loss.

The Middle West felt the grip of a blizzard, one of the severest of the entire winter. The cold wave enveloped nearly all the States between the Rocky and Alleghany Mountains and the great lakes and the Gulf of Mexico. The freezing weather extends as far south as the Gulf of Mexico.

Many persons were injured in northern Arkansas, Mississippi, Tennessee and southeastern Missouri. In Mississippi the storm was severe from Grenada to Water Valley. Two persons were killed and sev-

eral injured in Centraliana, Ind. The wind reached a velocity of 75 miles an hour.

At Salem, La., where five persons were killed and thirty injured, sixty buildings were demolished.

At Hoxie, Ark., the Frisco railroad station was wrecked, the Van Noyz eating house destroyed and a refrigerator car was blown on to the station platform.

Louis Erb, owner of a 1,000 acre apple and peach ranch at Cedar Gap, Mo., said that fruit was not hurt in the great Ozark Mountain apple region. The storm in eastern Tennessee and southwest Virginia unroofed building and killed live stock.

A tornado swept Indiana doing damage estimated at a million dollars. Omar A. Vice, cab driver at Frankfort, was crushed by falling roof, and Henry Walters Lafayette was killed by a falling sign. Walters was on an errand for his sick wife when killed.

The Methodist Church at Harmony was wrecked and three churches at Franklin were damaged.

Lightning struck the county jail, at Covington, Ky., hurling the fifteenfoot chimney to the ground and throwing the sixty prisoners, all negroes, from their iron cots. The prisoners were thrown into a panic.

Owing to the difficulty in securing reliable farm help, many dairymen in this vicinity are buying milking machines. Saturday young Vinniger was arrested and arraigned before Justice Odwell at Downsville, on a charge of manslaughter in the second degree. He asked for a hearing and the mat-ter was adjourned to March 11th. Vinniger was held in \$500 bail, but as he could not furnish it, he was taken to Delhi jail by Officer Jones.

Death of David R. Killam.

David R. Killam, formerly of Paupack, Pike county, Pa., died Sunday, March 16, at his home in San Diego, Cal. He was a brother of I. R. Killam, of Ledgedale, Pa., who died some years ago. He is survived by two nephews, Charles F. Killam, of Ledgedale, and Fred D. Killam, of Dunmore, and a sister-in-law, Mrs. Marian E. E. Killam.

The New York Evening Post regards this decision as but one of the signs in the journalistic heavens that the nalistic heavens that the one-cent newspaper has been overdone. All newspaper has been overdone. All the Bridgeport papers recently in-creased their price from one to two cents. An influential western paper, the Kansas City Star, increased its price 50 per cent on January 1st. Not long ago the confident talk was that all newspapers would find themselves forced to go at one cent. But it is the one-cent newspapers that are bing forced to go back to two or three. The hard business facts, the rising cost of production, and the need of living on something besides sensation, have been too much for rash journalistic theorists. It is probable that newspapers abandoning the one-cent price will hereafter be more numerous than those adopting it.

A good many newspapers which fixed their subscription price originally at \$6.00 a year have never reduced it—and probably are now con-gratulating themselves on their
